STRATEGIC RESULTS

Virtual Meetings

**Strategic Results Creates An End-to-End Solution for Your Virtual Experience**

Matching the right technology and support to align with your specific meeting goals

Reliably and securely produce virtual events with a complete solution

Complete Technology Platform or Selected Software and Technologies

Deliver enterprise-class event experiences

Consistent experience, from your event website and registration to the video sessions and the virtual poster session

Virtual Meetings

Drive Networking and Collaboration with Dynamic Content and Interaction

Easy access to key event information, live and upcoming sessions, surveys, and more with a dynamic event home screen

Provide secure and high-quality live stream, and video-on-demand sessions with interactive tools like audience Q&A and upvoting

Build community with virtual appointments and collaborative sessions

Capture Event Analytics

Automatically track how attendees navigate your sessions with attendance tracking and detailed web analytics

Collect feedback before, during, and after your events with dynamic event and session feedback surveys

Complete Meeting-Specific Event Platforms

Meeting-specific solutions that offer NIH and the audience
the full event experience

- Multi-room and session support
- Live stream integrations with all major providers
- Suite of audience engagement features

Option 2: Layer in Virtual Meeting Technology

Strategic Results has extensive experience combining technologies to meet your virtual meeting requirements. The following are the major tool types we use for our client meetings:

- Virtual meeting apps
- Virtual meeting technology
- Live streaming tools
- Virtual networking and collaboration tools and software
- Brainstorming and sticky note tools

Layer in Virtual Meeting Technology

The following highlights the various technologies and how they may be used for NIH meetings, poster sessions, training, and collaboration sessions.

Technical Tools and Services	Small Meetings	Symposia	Poster Sessions	Training / Collaboration

Socio	■	■	■	
AIDA	■		■	■
BRAINSTORMING AND STICKY NOTE TOOLS				
IdeaFlip				■
Noteapp				■
Bloomfire				■

Option 3: Hybrid In-Person Meetings

If you do need to have an in-person meetings up, provide an extra level of security for the attendees

- Wearable wristband that delivers light buzz when social distancing is breached
- Wristband system does not share personally identifiable information is shared
- No setup needed, use right out of the box
- Optional app can be used for contact tracing with data collected by bracelet
- Alarms can be "muted" to allow groups to interact amongst themselves

PROXXI
